

HG Smith Memorial Award

The Medal shall be awarded annually to a member of the RACI who, in the opinion of the RACI Board, has contributed most to the development of some branch of chemical science; this contribution will be judged by research work published or accepted for publication during the ten years, or equivalent relative to opportunity, immediately preceding the award.

Candidates may apply or be nominated. The successful candidate will deliver a lecture on an occasion convenient to the recipient and the RACI, and may be invited to lecture to other Branches.

Nominations/applications open 1 April 2021 and close 11 June 2021. The candidate is required to be a current member for a minimum of 3 years. The application/nomination submission should include a current CV, Summary/Synopsis of research work published or accepted for publication during the ten years immediately preceding the award. The work considered for the award should include a substantial contribution made within Australia. Please include email and telephone contacts of no more than four referees.

Please email in a single PDF document to awards@raci.org.au for the attention of Robyn Taylor no later than 13 June 2021. Receipt will be acknowledged by return email.

After the closing date, no further applications/nominations for the award will be accepted. If in the opinion of the Board there is no candidate who has sufficient merit, the Board may refrain from making an award.

The decision of the judges will be subject to the approval of the RACI Board. The Board decision is final and no discussions or correspondence will be entered into.
