

## The Catalyst Award

This award is designed to recognise an early career chemist – and is awarded by the RACI for outstanding innovation in Applied Chemistry in the workplace (industrial, commercial, government or education). As the name suggests – someone who incites action or activity in the Chemical arena.

### Criteria

The award requires either self-nomination or nomination by another RACI member.

The candidate is required to be a financial RACI member for a minimum of 12 months and to have graduated from a tertiary institution in Australia or overseas having studied a predominantly Chemistry based course.

The candidate, in their current job/role, should be applying the scientific skills learned during study.

The candidate must be in the early stages of their career (within 8 years of their highest qualification – career breaks will be considered).

The award opens 1 April 2022 and closes 12 June 2022.

### Provide:

- a description (no more than 1 page) of a key project or innovation from your/their career
- a current CV and any involvement in an RACI activity will be looked upon favourably
- names and email addresses of two RACI members who know you/the candidate personally and are prepared to act as referees

Please email as a single PDF document the above requirements to [awards@raci.org.au](mailto:awards@raci.org.au) (Subject: Catalyst Award) no later than 12 June 2022. Receipt will be acknowledged by return email.
