

# OMC2022 Organic and Medicinal Chemistry

20 - 23 Nov 2022 - University of Wollongong, NSW Australia

## Conference Sponsorship and Trade Opportunities

# Introduction

The Royal Australian Chemical Institute (RACI) is the premier voice of chemistry in Australia. It advocates the importance of chemistry to the public, all levels of education, industry and government and supports the professional needs and interests of all of its members. Building on the success of the Organic18 and MCCB18 national meetings, we have the pleasure to announce the much anticipated.

## RACI ORGANIC AND MEDICINAL CHEMISTRY CONFERENCE – OMC2022

---

<https://www.OMC2022.org>

OMC2022 represents the combined national meeting of two major divisions of the RACI; the Organic Chemistry Division and the Medicinal Chemistry and Chemical Biology Division. Previously the divisions have held separate national meetings and OMC2022 represents the first combined meeting of its type. The meeting will showcase the very best in Australian research tackling fundamental organic chemistry research, including synthesis, catalysis and methodology development, as well as the search for new medicinal compounds, the molecular basis of disease and therapy and the extraordinary chemistry of biological systems. We are excited to present our OMC2022 program, which will be both inclusive and diverse, and bring together Australian and international researchers who are transforming and advancing organic/medicinal chemistry and chemical biology. We look forward to welcoming you to the beautiful city of Wollongong and the lovely UOW campus.

We would like to invite you to participate as a sponsor.

The conference will take place on campus at the University of Wollongong in Australia from Nov 20 - 23, 2022.

We invite our partners, stakeholders and suppliers to consider opportunities to collaborate, support and partner with The Royal Australian Chemical Institute in its mission to improve the quality of life through leadership in the field of chemical sciences. We emphasise the importance of collaborating with our industry partners and will make every effort to ensure that your participation is worthwhile.

We are very flexible and happy to discuss your needs as a sponsor.

We thank you for your consideration and hope we can build a strong collaboration in making this conference a success.

## DELEGATES

We anticipate upwards of 350 participants from academia and industry, including:

- senior research leaders
- experts in the organic chemistry sciences
- medicinal chemists
- pharmacologists
- chemical biologists
- pharma R&D specialists
- post-doctoral researchers
- students

## CONFIRMED PLENARY SPEAKERS

- **Professor Dale Boger**  
*Scripps Research, San Diego, USA.*
- **Dr L. C. Campeau**  
*Executive Director, Process and Process Discovery, Merck, USA.*
- **Dr Donmienne Leung**  
*Eli Lilly, USA*
- **A/Professor Ryan Shenvi**  
*Scripps Research, San Diego, USA.*
- **Professor Vy M. Dong**  
*University of California, Irvine, USA*
